

# SELF-RESCUE MANUAL

## **Do's and Don'ts for those of us who need some help!**

- This manual is for people who want to help themselves.
- You are responsible for bringing **photo identification**, passport, or some form of identification with a photo, Social Security numbers of your family, and / or a proof of address such as an envelope with your current address if your photo ID does not show your current address. If you are an **undocumented citizen**, call the agency to determine what information they need to be able to help you.
- Many of these agencies accept **Medicaid** but ask first.
- It is always best to **call first** to be sure that the agency has what you need and what papers you should bring to your appointment. You may get an answering machine so be prepared to have a phone number to leave with the agency.
- Do not expect **same day service**.
- Do not **wait** until the last minute to deal with a problem.
- **Thank** people who you talk to at the agencies. Often they are volunteers and are not getting paid!
- Each agency has **rules** and you may have to return with more information. Stay **calm!**
- Many agencies have several services and will have a star to indicate they are listed under other categories. ★

This manual has been a joint effort of many people. Marjie Jacobs recognized the need for a “user friendly” list of services in the Treasure Valley. She had help from various Boise School District School Social Workers and BSU social work students.

Please e-mail updates to:

[selfrescuemanual@gmail.com](mailto:selfrescuemanual@gmail.com) so that this will be an accurate document. Please type **Self-Rescue Manual** in the subject or your e-mail may get lost in security.
